The needs assessment methodology is divided into four phases that were adapted from Fawcett et al (1987); Balcazar, Keys, Kaplan, and Suarez-Balcazar (1998); and Suarez-Balcazar and Orellana (1999).

A Community Needs Assessment Guide - CYFAR

A needs assessment is a systematic process for determining and addressing needs, or "gaps" between current conditions and desired conditions or "wants". The discrepancy between the current condition and wanted condition must be measured to appropriately identify the need. The need can be a desire to improve current performance or to correct a deficiency.
