How to Size Your Comic Books for Proper Storage: 4 Steps

For North American comics, I typically use a full bleed size of 2063 x 3131 pixels at 300 dpi, which is 6.877 x 10.437 inches. That crops down to a trim size of 1988 x 3056 pixels at 300 dpi, which is 6.627 x 10.187 inches. That's based on the template my first publisher gave me! Hope that helps.

What are some typical page dimensions for graphic novels ...

This comic paper is one of Deleter's bestsellers. Pens glide smoothly over the high-quality surface. The sheets contain center marks, frame marks, scales (rulers), page number boxes, and other markings on one side that are useful for organizing your layouts. The markings are printed in blue and do not appear when photocopied. Due to its thickness, the paper can be used for tone work.
