All interactions, all relationships, include the possibility of conflict. In the business world, great strides have been made in recent years in understanding conflict and mitigating its negative effects. This study room presents various definitions and characterizations of conflict, and then discusses how conflicts can be resolved through negotiation, mediation, and arbitration.

When you think of the different types of conflict, you might instantly think of the ones referred to in literature, especially in fiction. They can be applied to real life, of course. However, there are types of conflict which are easily identifiable in our contemporary times. Before going any further, let us first give a brief description of what conflict is.

An ethnic conflict is a conflict between two or more contending ethnic groups. While the source of the conflict may be political, social, economic or religious, the individuals in conflict must expressly fight for their ethnic group's position within society. This final criterion differentiates ethnic conflict from other forms of struggle. Academic explanations of ethnic conflict generally fall ...

Conflict resources are natural resources extracted in a conflict zone and sold to perpetuate the fighting. There is both statistical and anecdotal evidence that belligerent accessibility to precious commodities can prolong conflicts (a "resource curse"). The most prominent contemporary example has been the eastern provinces of the Democratic Republic of the Congo (DRC), where various armies ...
