Lesson Summary. Worms are long, thin, boneless animals that live in the ground and are decomposers that break down dead plant and animal materials in the soil. Some of the things that worms eat ...

What Do Worms Eat? - Lesson for Kids | Study.com

Writing in journals can be a powerful strategy for students to respond to literature, gain writing fluency, dialogue in writing with another student or the teacher, or write in the content areas. While journaling is a form of writing in its own right, students can also freely generate ideas for other types of writing as they journal. Teachers can use literature that takes the
