

Doing Business In Argentina

Doing Business In Argentina

Note: The ease of doing business score captures the gap of each economy from the best regulatory performance observed on each of the indicators across all economies in the Doing Business sample since 2005. An economy's ease of doing business score is reflected on a scale from 0 to 100, where 0 represents the lowest and 100 represents the best performance.

The ease of doing business index is an index created by Simeon Djankov at the World Bank Group. The academic research for the report was done jointly with professors Oliver Hart and Andrei Shleifer. Higher rankings (a low numerical value) indicate better, usually simpler, regulations for businesses and stronger protections of property rights.
