The EEE Legacy system has become challenging to maintain due to its age. Enhancements have become impractical and in some cases not feasible. After consultation with the campus, we are moving away from dependence on the 20-year-old home-grown EEE Legacy website, to a new model supporting a broader ecosystem of tools.

To prepare a paper presentation, create an outline of your content, then write your script on note cards or slides using software like PowerPoint. Be sure to stick to one main point per card or slide! Next, design visual aids like graphics, charts, and bullet points to illustrate your content and help the audience follow along.
