Higher education in Quebec differs from the education system of other provinces in Canada. Instead of entering university or college directly from high school, students in Quebec leave secondary school after Grade 11 (or Secondary V), and enter post-secondary studies at the college level, as a prerequisite to university. Although both public colleges and private colleges exist, both are ...

Education in India is provided by public schools (controlled and funded by three levels: central, state and local) and private schools. Under various articles of the Indian Constitution, free and compulsory education is provided as a fundamental right to children between the ages of 6 and 14. The approximate ratio of public schools to private schools in India is 7:5.

They are the hardest numbers to move: persistent racial and socio-economic gaps in student opportunity and achievement. While Massachusetts can boast of more adults with college degrees than any other state, it also has substantial rates of income inequality and some of the fastest-growing college costs in the U.S., according to a recent report the New England Board of Higher Education.

A federal court judge has approved a consent decree to reform the Chicago Police Department. The consent decree is the result of a lawsuit brought by the Attorney General's Office against the City of Chicago following the U.S. Department of Justice's investigation that found the Chicago Police Department engaged in a pattern of civil rights violations.
