History And Philosophy Of The

Types. In contemporary philosophy a distinction is made between critical philosophy of history (also known as analytic) and speculative philosophy of history. The names of these types are derived from C. D. Broad's distinction between critical philosophy and speculative philosophy.. The former studies the past itself whereas the latter is the equivalent of what the philosophy of science is for ...

history of science | Definition, Natural Philosophy ...

The single most important philosophy in Rome was Stoicism, which originated in Hellenistic Greece. The contents of the philosophy were particularly amenable to the Roman world view, especially since the Stoic insistence on acceptance of all situations, including adverse ones, seemed to reproduce what the Romans considered their crowning achievement: *virtus*, or "manliness," or "toughness."
