**Ideology And Politics**

An ideology is a collection of normative beliefs and values that an individual or group holds for other than purely epistemic reasons. The term is especially used to describe a system of ideas and ideals which forms the basis of economic or political theory and policy. In political science it is used in a descriptive sense to refer to political belief systems.

Ahmed 1 Hamas: History, Ideology & Politics Hamas is the natural product of an unnatural situation: "it is a response like in the chain of cause and effect arising from the cruel circumstances of life under occupation" (Hroub 5). It is a pragmatic Palestinian resistance movement intended to represent and lead a popular movement to "liberate Palestine from Israeli occupation."
