The Medical Corps of the United States Navy is a staff corps consisting of military physicians in a variety of specialties. It is the senior corps among all staff corps, second in precedence only to line officers. The corps of commissioned officers was founded on March 3, 1871.. Prior to the formal establishment of the corps, ships' surgeons served without commissions, unless given one by ...

Intentionally blank pages are usually the result of printing conventions and techniques. Chapters conventionally start on an odd-numbered page (); therefore, if the preceding chapter happens to have an odd number of pages, a blank page is inserted at the end. Book pages are often printed on large sheets because of technical and financial considerations.
