The Urban Transportation Development Corporation Ltd. (UTDC) was a Crown corporation owned by the Government of Ontario, Canada. It was created in the 1970s as a way to enter what was then expected to be a burgeoning market in advanced light rail mass transit systems. UTDC built a respected team of engineers and project managers.

For finance officers working with a specialized mass transit agency, knowledge of the industry may be standard. Finance officers who operate transit services as part of a larger general purpose government, coordinate their government's services with a transit agency, or are looking to better utilize transit to serve a community, should attend this session.

A Guide to Starting the Lean Journey

Organizational analysis or more commonly Industrial analysis is the process of reviewing the development, work environment, personnel, and operation of a business or another type of association. This review is often performed in response to crisis, but may also be carried out as part of a demonstration project, in the process of taking a program to scale, or in the course of regular operations.
