### **DoodleMaths | Individual Maths Learning Programme for Children**

Teaching maths for mastery is a transformational approach to maths teaching which stems from high performing Asian nations such as Singapore. When taught to master maths, children develop their mathematical fluency without resorting to rote learning and are able to solve non-routine maths problems without having to memorise procedures.

### **What Is Maths Mastery? : Maths — No Problem!**

We're on a journey to explore the whole alphabet, and for each letter I choose a particular math activity for preschoolers which can often be adapted for older children as well.. Letter Q's a tough one! We've already done quite a few lesson on coins, so quarters didn't seem the way to go. Hmmm.... how about a less than, greater than, e qu al to lesson?

### "Less than, greater than" math activity - using toys ...

We provide Hamilton Year 5 maths both as weekly plans (below) and as flexible blocks. We will eventually be phasing out the plans, as we believe our short blocks offer you all of the same advantages and more.

### Crickweb | KS2 Numeracy Calculation

Singapore developed a new way of teaching maths following their poor performance in international league tables in the early 1980's. The Singapore Ministry of Education decided to take the best practice research findings from the West and applied them to the classroom with transformational results.

### What Is Singapore Maths? : Maths — No Problem!

Teachers! Here is a collection of mathematical activities containing an element of 'fun'! Some activities will be perfect for the last ten minutes of a gruelling double period while others could be saved for the last lesson of term.
