

Myths Of A Minority Studies Of Developing Countries

Myths Of A Minority Studies

A national myth is an inspiring narrative or anecdote about a nation's past. Such myths often serve as an important national symbol and affirm a set of national values. A national myth may sometimes take the form of a national epic or be incorporated into a civil religion. A group of related myths about a nation may be referred to as the national mythos, from μῦθος, the original Greek word ...

National myth - Wikipedia

Nature of origin myths. Every origin myth is a tale of creation: origin myths describe how some new reality came into existence. In many cases, origin myths also justify the established order by explaining that it was established by sacred forces (see section on "Social function" below). The distinction between cosmogonic myths and origin myths is not clear-cut.

Research, however, indicates that this increased exposure to English does not necessarily speed the acquisition of English. Over the length of the program, children in bilingual classes, with exposure to the home language and to English, acquire English language skills equivalent to those acquired by children who have been in English-only programs (Cummins, 1981; Ramirez, Yuen, & Ramey, 1991).
