Hi mohan If you are hardworking and dedicated to working and learning, then both functional or technical options are equally good choices. I had first 1.5 yrs of my career in non-oracle and non-IT too, and also I am instrumentation engineer by background.

### **Apps - Technical Interview Questions in Oracle Apps**

b) Groups - Groups determine the hierarchy of data appearing in the report, and are primarily used to create breaks in the report. Oracle report automatically creates a group for each query, but you are not limited to this default. You can create a new group in the data model and included a column that you want to use as the break column.
