History. Milan's fashion history has evolved greatly throughout the years. Milan began as a centre of fashion in the Middle Ages and Renaissance, as in Venice and Florence, the making of luxury goods was an industry of such importance that in the 16th century the city gave its name to the English word "milaner" or "millaner", meaning fine wares like jewellery, cloth, hats and luxury apparel.

Fashion is a popular style, especially in clothing, footwear, lifestyle, accessories, makeup, hairstyle and body. [citation needed] Fashion is a distinctive and often constant trend in the style in which people present themselves. A fashion can become the prevailing style in behaviour or manifest the newest creations of designers, technologists, engineers, and design managers.

Cease - no. Significant decline is what I expect. This Bakken shale play is too complex to safely predict black and white answers. For example, while drilling in "remote" locations would generally tend to be non-profitable (if the only change was in the price of oil), there are already predictions of significant drops in the cost of drilling Bakken wells (as fewer drilling and service ...
