Property Catastrophe Market Pricing Continues

Excess capacity continues to dominate Florida property catastrophe market: Peel Hunt. 12th June 2017 - Author: Staff Writer Pressure on Florida focused reinsurers to cut back exposures is mounting as June 1 property catastrophe reinsurance renewals show continued rate declines as the long-awaited pricing bottom fails to materialise in a market dominated by excess capacity.

Excess capacity continues to dominate Florida property ...

• Consolidation continues in the London market, furthering the erosion of the traditional lead/follow pricing approach. Some aggregate shifts in signings were seen as capacity moved away from smaller Lloyd's syndicates to Bermuda and the major Lloyd's reinsurers. While the catastrophe property market continues to transition away from soft market conditions, ample capacity is giving insurers limited pricing power and the lethargic economy is likely to keep insurance demand weak, according to a new State of the Market report by NAPCO LLC, a wholesale broker specializing in catastrophe property coverage.

New NAPCO Report Identifies Key Catastrophe Property ...

The property catastrophe retrocession market was a bright spot in what was largely flat pricing for reinsurance at Jan. 1 2019 renewals, A.M. Best said in its latest Market Segment Report. According to A.M. Best, the sector saw price hikes of between 10 percent and 20 percent, with peaks of 35 percent on loss-affected accounts.

Property Catastrophe Retrocession a Bright Spot in Jan. 1 ...

"Diversification does more than bring new risk to market - it fundamentally changes the growth pattern," said Johansmeyer. The presence of alternative capital in the property catastrophe arena, where it continues to grow its share despite the impacts of 2017 losses, has contributed heavily to muted price increases during recent renewals.

Alternative capital market still reliant on property ...

Catastrophe MarketUpdate The State of the Cat Market Major themes on Year-End 2002/ First Quarter 2003 renewals can be summarized as follows: • Property catastrophe capacity continues to be plentiful. - Widespread use of catastrophe models has streamlined the process of achieving the "right" price. Once this price—also referred to
