Rated 5 out of 5 by peppertink from Flowery Match 3 This game reminds me of Rainbow Web, in a good way. They both have outdated but very pretty graphics and a minimal, dorky story. They also both have unique Match 3 approaches that are very enjoyable to play.

Rated 5 out of 5 by fredandethel from An evergreen favourite One of the first games I ever bought, and even though I now also have Rainbow Webs 2 and 3, as well as many other games of all sorts, this still stands up well as a beautiful little game to play at bedtime. The backgrounds are enchanting, and the way the colour comes back into the map as you achieve each level is charming.
