

## *Reflective Practice In Education*

### **Reflective Practice In Education**

Reflective practice is the ability to reflect on one's actions so as to engage in a process of continuous learning. According to one definition it involves "paying critical attention to the practical values and theories which inform everyday actions, by examining practice reflectively and reflexively.

### **Reflective practice - Wikipedia**

Reflective practice is the capacity to reflect on action so as to engage in a process of continuous learning. In its simplest form it involves thinking about, or reflecting on, what you do. It is closely linked to the concept...Read more Reflective practice >

Reflective practice is a core skill - it is an active, dynamic process to be honed through life-long experiential learning. In time, we get the reflective practice skill set where reflection becomes automatic, so much so that unless we stop to think about it, it is embedded in our professional persona.

The process of reflection is a cycle which needs to be repeated. • Teach • Self-assess the effect your teaching has had on learning • Consider new ways of teaching which can improve the quality of learning • Try these ideas in practice • Repeat the process . Reflective practice is 'learning through and from experience towards gaining new insights of self and practice' (Finlay, 2008).
