

The Politics Of Identity

The Politics Of Identity

The term identity politics has been used in political discourse since at least the 1970s. One aim of identity politics has been for those feeling oppressed to articulate their felt oppression in terms of their own experience by a process of consciousness-raising.

Identity politics - Wikipedia

Personal identity versus the politics of identity. It is important to make a clear distinction between personal identity and identity politics, since the two are often used interchangeably. But there is a substantial difference between these two concepts.

Identity Politics (Stanford Encyclopedia of Philosophy)

A: Identity politics are broadly defined, but they typically involve an individual who bases his identity on social categories and divisions. Some examples are a feminist who always votes for female candidates regardless of policies, or a black person who primarily supports causes designed to empower the black community.
