Trickle Down Theory And Tax

(Discuss) Proposed since June 2017. Trickle-down economics, also referred to as trickle-down theory, is an economic theory that advocates reducing taxes on businesses and the wealthy in society as a means to stimulate business investment in the short term and benefit society at large in the long term.

Trickle-down economics - Wikipedia

Trickle-Down Economic Theory. Trickle-down economic theory is similar to supply-side economics. That theory states that all tax cuts, regardless of whether they are for businesses or workers, spur economic growth. Trickle-down theory is more specific. It says targeted tax cuts work better than general ones.
